

Durelloy-PM™

**PRE-MACHINED
HEAT TREATED ALLOY**

Color Code:
ENDS RED

Durelloy pre-machined is a fine grained, stress relieved, electric furnace alloy. It is heat treated to Rockwell C 28–32, Blanchard ground top and bottom $+.020/.030 - .000$, width $+1/8" - .000$.

A machinability rating of 80% means Durelloy-PM is ready for use in most tooling applications with no further heat treating. Durelloy-PM can be flame-hardened to 578/698 BHN for applications in which a higher hardness is required at wear points.
